[Bartender Mac Utility](#)

0-WEB.ru

Jun 20, 2018 This is still my favorite screenshot annotation utility for the Mac.. Why Apple hasn't seen

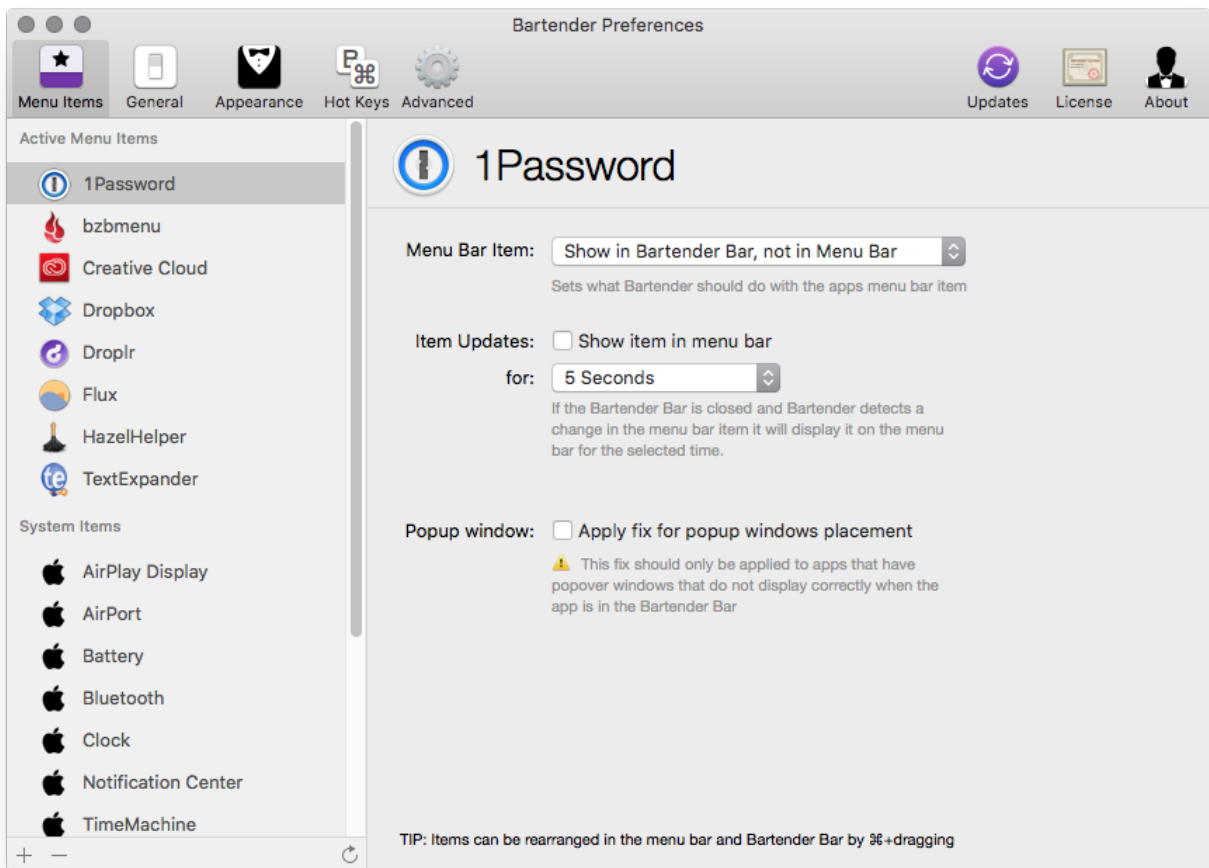

1. [bartender utility tool](#)
2. [bartender utility belt](#)

Hides the mess of menu bar icons It's cheaper and simpler than Bartender, which I used before.. However, although BarTender will work with any properly written Windows driver, using Drivers by Seagull and BarTender together offers a.
